Annual Cyber Awareness Day

BorderLAN helps your employees learn about cyber security in a fun interactive gathering. Usually over extended lunch periods, we can teach best practices of internet usage, how to handle email threats, and other techniques to avoid company data-loss, ransomware, and compliance breaches.

Agenda

Lecture
10:30 am - 10:00 am

Threats of Cyber Attacks
How they get in

Interact
11:00 am - 11:30 am

BorderLAN Managed Services:**

Bitdefender

Barracuda

esentire

eset

FORTINET

SONICWALL

tenable

paloalto NETWORKS

CIRCADENCE

Starting at $2,500*

We supply the content, lectures, and leave behinds to make your cyber day a successful and effective event.

- Live demonstrations
- Vendor and solution information
- Leave behind handouts
- Catered lunch
- Fun & interactive

**Your employees
are the target!**

Hackers target your
end users and trick
them into clicking work
and personal emails.

*Pricing does not include travel and food costs. It also varies depending which product vendors are required for participation

Schedule your event by phone or email:
760-736-8100 or **greg@borderlan.com**

Cyber Awareness Day - Details & Optional Services

Our Cyber Awareness Day is an all-inclusive package that helps train employees in effective security practices, teaches them why security matters to everyone, and helps them become aware of how threats enter. These tips and practices will help prevent attacks and mistakes in your network. Services beyond standard packages are available at an additional cost.

A more customized presentation results in:

- Greater security retention
- More effective engagement
- Materials that match your security policies

"We used BorderLAN and had a great event!"

City of Santa Monica

Custom Handouts & Materials

Custom brand the presentation and handouts with your logo. Inclusion of your employees names, customer names, and systems, in the presentation examples and lectures.

+$1,000

Evening Meet & Greet

Make it an evening event instead!

Make the employees feel appreciated by having the event from 3-6pm with appetizers and libations, for a more eccentric experience.

+$1,000

Vendor Presence

3 vendors attending with booth setup

Having additional security vendors that are known to your organization will help to show a unified message and promote awareness of the technologies you already rely on.

+$2,000

Book your Cyber Awareness Day NOW!

Threats are happening every minute. Create a staff of *human firewalls* to increase your security posture. End-user training, *the key* to success.

Recommended by Department of Homeland Security; Nation Cybersecurity Awareness Month 2019 will emphasize personal accountability and stress the importance of taking proactive steps to enhance cyber security at home and in the workplace. This year's overarching message - Own IT. Secure IT. PROTECT IT – will focus on key areas including citizen privacy, consumer devices, and ecommerce security.
